

Graveyard

Activity 1

As you enter the main gates use a copybook page and write a brief account of what you see.

The church in this graveyard was built by the Normans in the 1200's. The graveyard soon followed around the church as people passed away. The church had three bells— one to call people to mass, the second to tell when the host was being raised during mass and the third to warn of danger. From 1756 until the start of the 1900's this was the main graveyard for Navan.
